

CURRICULUM VITAE

Name Dhanakom Premprabha

Address 394/16, Village No 6, Nam Noi Sub-District,
Hat Yai District, Songkhla Province, Thailand, 10540

Office Department of Surgery, Faculty of Medicine, Prince of Songkla
University, Hat-Yai, Songkhla 90110 Thailand
Tel: 66-7445-1401, 66-7445-1422
Fax: 66-7445-1400
E-mail: dhanakom@msn.com
Mobile phone 66-819905949

Family Married

Nationality Thai

Qualification

- M.D. Faculty of Medicine, Prince of Songkla University, 1st June 1994-2000
- Diploma of Thai board of general surgery: Department of Surgery, Faculty of Medicine, Prince of Songkla University
- Diploma, Thai Subspecialty Board of Vascular Surgery, 2017

Present position - Assistant Professor, Department of Surgery, Prince of Songkla University,
Hat-Yai, Songkhla, Thailand, since April 2010

Working experience

- Asia-Pacific endovascular fellowship, Epworth hospital, Melbourne, Australia. 7th June to 31 July, 2010
- Post-doctoral research fellowship, Division of Vascular Surgery, University of California San Francisco. 1st September 2012 to 31st December 2013
- Instructor, Department of Surgery, Prince of Songkla University, Hat-Yai, Songkhla, Thailand, 14th July 2005 – March 2010
- Resident, Department of Surgery, Faculty of Medicine, Prince of Songkla University, 1st April 2001- 31st May 2005
- Internship, Songklanagarind Hospital, 1st April 2000 – 31st March 2001

Member of professional organization

- The Medical Association of Thailand
- The Thai Royal College of Surgeons
- Thai Vascular Association

Area of interest: Vascular and endovascular surgery

Vascular Surgery Experience

- Instructor and attending vascular surgeon in Songklanagarind hospital operated in vascular cases such as vascular access, vascular trauma, peripheral vascular disease, open and endovascular aortic aneurysm repair, varicose vein etc.

Presentations

Scientific Presentations

- 1) Joint meeting, 31st Annual meeting of the Royal College of Surgeons of Thailand and the International Society of Surgery, Pattaya, Cholburi, Thailand; July 7-10, 2006.
“**The First 12 Months of Vascular Service: An Iceberg Unveiled**”
- 2) Joint meeting, 32nd Annual meeting of the Royal College of Surgeons of Thailand and the International Society of Surgery, Pattaya, Cholburi, Thailand; July 27-29, 2007.
“**Extremity vascular injuries: songklanagarind hospital Experience**”
- 3) Joint meeting, 33rd Annual meeting of the Royal College of Surgeons of Thailand and the International Society of Surgery, Pattaya, Cholburi, Thailand; July 18-20, 2008.
“**Endovascular stent graft for blunt thoracic aortic injury**”

- 4) Joint meeting, 10th Annual Congress of Asian Society for Vascular Surgery, Busan, Korea; October 14-17, 2009. **“Endovascular stent graft for blunt thoracic aortic injury, Early experience form single center without mortality”**

- 5) Joint meeting, 14th Annual Congress of Asian Society for Vascular Surgery, Istanbul, Turkey; October 26-29th, 2013. **“Branch occlusion following aneurysm repair using multi-branched thoracoabdominal stent grafts”**

- 6) Joint meeting, 42nd Annual Symposium of the Society for Clinical Vascular Surgery, Carlsbad, California, USA; March 18th -22nd, 2014. **“Aneurysm sac behavior following endovascular aneurysm repair using a branched stent graft”**

Invited Presentations

1. **Role of TEVAR for blunt thoracic aortic injury after 10 years of experience.** LINC Asia-Pacific, Hong Kong. 8th-10th March 2016

2. **Personalized solution to treat complicated aortic aneurysm: PSU experience,** 2016 Taiwan Society for Vascular Surgery (TSVS) Annual meet, Taipei, Taiwan, 10th -11th September 2016

3. **Treatment of Juxtarenal AAA: FEVAR,** Pre-ASVS workshop: Abdominal Aortic Workshop. Singapore General Hospital, Singapore. 20th October 2016

4. **Fenestration in EVAR,** Aortic Asia 2017. Sheraton Hong Kong Hotel and Tower, Hong Kong. 7th-8th April 2017

5. **T-branch Experience in Prince of Songkla University.** 18th Congress of Asian Society for Vascular Surgery. Shangri-La Hotel Kuala Lumpur, Malaysia. 25th-28th October 2017

6. **Optimal bridging stent for branched device.** 19th Congress of Asian Society for Vascular Surgery. China Hotel, Guangzhou, China. 12th-15th July 2018

7. **Treating Aortic Dissection with CMD device.** 19th Congress of Asian Society for Vascular Surgery. China Hotel, Guangzhou, China. 12th-15th July 2018

8. **Aortic aneurysm: Now and Future of endovascular treatment.** TSVIR annual meeting 2018. Dusit Thani Hua Hin. Thailand 20th -22nd October 2018.

Invited Presentations (Thai)

1. **Chronic venous insufficiency**, 2nd Songklanagarind surgical forum, “Team approach for Surgical Patient”, Prince of Songkla University, Songkla, Thailand, 19-20 October 2006.
2. **Expanding Roles of Endovascular Aneurysm Repair (EVAR): PSU’s Experience**, 24th annual academic meeting faculty of medicine, “Towards Excellence and Safety”, Prince of Songkla University, Songkla, Thailand, 13-15 August 2008.
3. **Current management of acute limb ischemia**, 23rd Regional Annual Scientific Meeting of the Royal College of Surgeons of Thailand, “Smart Surgical Practice”, Krabi, Thailand 25-27 February 2009.
4. **Update management of Thoracic Vascular Injury**, 23rd Regional Annual Scientific Meeting of the Royal College of Surgeons of Thailand, “Smart Surgical Practice”, Krabi, Thailand. 25-27 February 2009.
5. **Management of Peripheral Vascular Disease**, 3rd Songklanagarind surgical forum, “Toward Excellence in Surgical Patient”, Prince of Songkla University, Songkla, Thailand, 25-27 March 2009.
6. **Snuffbox AVF: a simple first choice**, Pre-congress Annual Vascular Symposium 2009, “Vascular Access for hemodialysis symposium” Bangkok, Thailand, 24-26 March 2009.
7. **Endovascular Surgery: current advance in vascular therapy** in 25th annual academic meeting faculty of medicine, Prince of Songkla University, “A 36-year journey of success in quality and excellence”, Prince of Songkla University, Songkla, Thailand, 5-7 August 2009.
8. **Current management of thoracic aortic injury**, Annual Vascular Meeting 2011, Bangkok, Thailand, 9-11 March 2011.
