Experience

Kidney Academy
Program Director
November 2017 - Present
Boulder, CO

Oversee all business functions of Kidney Academy. Responsibilities include website content management, account and business development, marketing strategy and global market penetration.

Kidney Academy, Inc. is a non-profit company dedicated to delivering high quality ACCME accredited education to a global audience on topics related to dialysis access. Two divisions include Online and Onsite.

Online: www.KidneyAcademy.com

Kidney Academy Online is an exciting project currently in development by an international group of physicians and staff who specialize in dialysis access.

Onsite: www.KidneyAcademyOnsite.com

Kidney Academy Onsite offers an opportunity to learn hands-on techniques in dialysis access.

Highlights include: Team oriented in small groups, Tiered training approach to allow mastery of skills, 49 AMA PRA Category 1 Credits

Previously Therese worked in sales and marketing capacities for various pharmaceutical companies, including Purdue, Pfizer, and Eli Lilly & Co.
